## Presses & Torque Systems

Electro-mechanical Assembly Presses, Servo-Torque Controllers, Signature Analysis

## Force & Torque

Load Cells, Load Pins, Rotating & Reaction Torque Transducers, Multi-Axis Transducers

## Leak Testing

Pressure Decay, Vacuum Decay, Mass Flow, Package & Container Test Solutions

## Flow

Turbine Meters, Mag Meters, Ultrasonic Meters, Positive Displacement (PD) Meters, Flow Calibrators & Calibration Services, Liquid or Gas

## Displacement, Position, Distance, Dimension

LVDTs, LVITs, Gaging Probes, Hydraulic Cylinder Stroke Sensors, Laser Triangulation, 2D Laser Scanners, Draw-Wire/String-Pot Transducers, Eddy-Current, Capacitive Non-Contact

## Data Acquisition, Signal Conditioning, Wireless

Software for Visualization, Playback, Analysis Distributed Signal Conditioners, CAN-Bus, Strain, Temperature, Frequency, High Voltage

## Temperature

Temperature Transmitters, RTDs, Thermocouples, Wire, Fittings, Connectors, Non-contact Infrared (I/R) Sensors Thermal Imaging Video Cameras

## Pressure

Pressure Transducers, Digital Pressure Gages, Deadweight Testers, Calibrators, and Digital Pressure Controllers

## Acceleration, Vibration, Sound

Piezoelectric Accelerometers, Measurement Microphones, Sound Level Meters & Analyzers, Ear-Mouth-Head-Torso Simulators, Vibration Analyzers, E/D Shakers, Acoustic Cameras, Consulting Services
